MESSAGE TO THE GRADUATES

Mr. Baruti K. Kafele

To the Class of 2006 - CONGRATULATIONS! You have completed your high school education and now it is on to the next level. Some of you will opt for the world of work - perhaps in the field of the shops you have studied while here at Newark Tech. Others of you will move on to college. Whatever you decide, strive to maximize your potential.

As you are making your transition to the next level, I encourage each and every one of you to shoot for the stars. There is so much opportunity out there for those who prepare themselves for it. You've heard me say so frequently that "I am excited about the prospects, possibilities and opportunities that stand before you and I." I really mean this. Just knowing that so much is out there makes me excited! It is incumbent upon you to take full advantage of these opportunities and thereby increasing the probability for your success. You can do it - JUST BELIEVE THAT YOU CAN!

While striving to achieve individual success, you must not lose sight of your responsibility and obligation to your community - the community that produced you. There are so many younger children that need guidance and direction. They too have the potential to achieve excellence, but so many of them are misguided, misdirected and are the victims of "miseducation." Your role in this regard is to stay connected to your community so that others can benefit from your success. When successful people stay connected by reaching back, the likelihood for continued success from that given community increases exponentially. I implore all of you then to strive for individual success but to also maintain a commitment towards your community as well.

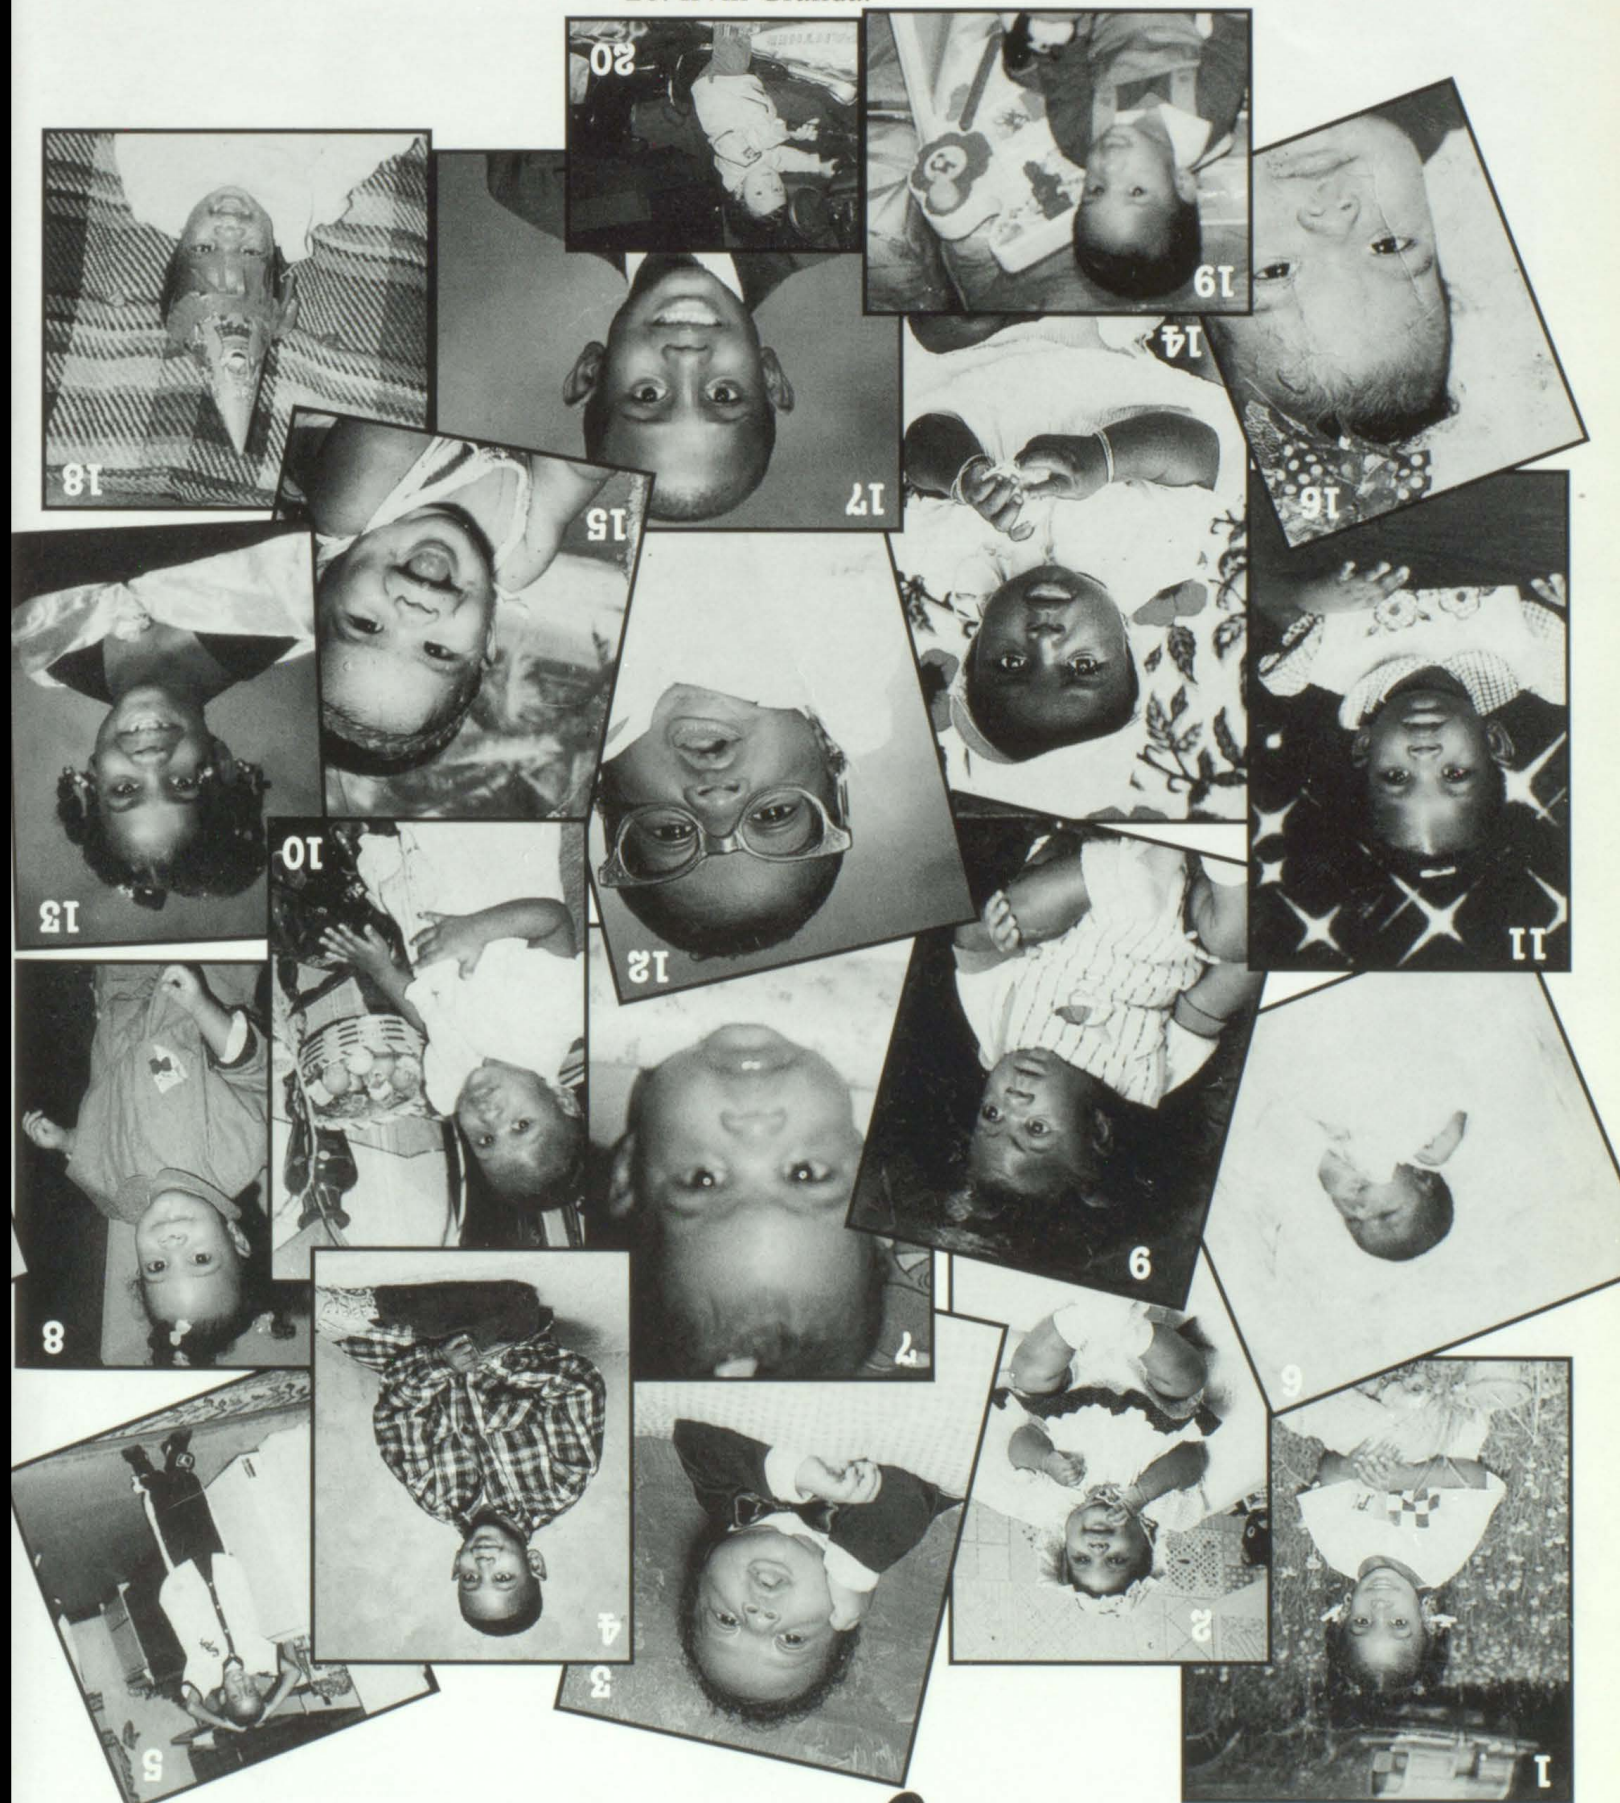

On the personal side, this has been an amazing year for me as well. With this being my first year working on the high school level, I didn't know what to expect nor anticipate. I simply came in being "me," and had a good and productive experience in the process. As I am continuing to strive to achieve my own goals, in my leadership capacity, I hope that I have been a good example and an inspiration for many of you as you are striving to achieve your goals.

Again, congratulations to the Class of 2006 and may you achieve greatness in your respective endeavors

Ever since the day I found out that I was going to be an Aunt, I was so thrilled to have a beautiful niece that grew up to be the sweetest girl there is. Remember down the road that life is going to be rough, but just keep in mind that you should always think positive and let nobody lead you the wrong way. Always remember we will be there for you. Stay sweet.
